"S.C.I.R.A. FLAG OFFICERS GUIDE"

"DRESS PROTOCOL"

I prepared this "Flag Officers Bible" in 1978 and published 1979. After serving in SCIRA Executive Officer positions for over twenty years, I personally advise the following.....

- I. Always have a dark blue blazer with your appropriate officer's patch (that our Executive Secretary issues).
- II. Always have a gray pair of slacks (this is old, old time yachting dress protocol that is accepted world wide).
- III. Always have a white dress shirt with collar and preferably a dark tie (yacht club type).
- IV. Black socks are acceptable world wide.
- V. Black shoes are acceptable world wide.
- VI. I always cheated by having a modern day shirt (to fit with acceptance of times and places) to help me escape from the white collar shirt and tie protocol to a comfortable and re-fine gray slacks, blue class blazer, black shoes and socks.

Note: I do not know how long this first and original "Flag Officers Guide" will be around; however, I have comprised same in 1978, 1979 to afford guidance to all SCIRA officers. Please accept it as a refined and efficient guide that should help you and all of SCIRA.

"HAPPY SAILING"
