At this year's winter circuit, one suit of Sobstad sails won three of the four regattas, the overall Nassau and the overall circuit. That was one suit of sails used for every race in every wind condition for the whole circuit. But that's not all, at the mid-winter's, where the conditions were similar to what we expect to see for the Worlds in San Diego, Sobstad sails won every race and took every spot in the top five. Mark Reynolds and George Szabo attribute this success to Sobstad's ongoing sail development program for the Worlds in San Diego. For the 1997 sailing season you deserve a suit of all purpose Sobstad sails to help you go fast and have fun no matter what the wind is doing.

### Publication Information

SNIPES BULLETIN (ISSN 08996288) is published monthly for \$10.00 per year by Snipe Class International Racing Association, Incorporated (not for profit), 1833 Tustin Street, San Diego, CA 92106 USA. Postage paid periodical at San Diego, CA.

**POSTMASTER:** Send address changes to SNIPES BULLETIN, 1833 Tustin Street San Diego, CA 92106 USA

Printed in the USA in San Diego, CA by Modern Printing and Mailing

**THE COVER:** A Jim DeWitt painting circa 1988. A former Snipe sailor, Jim also did the cover for the recent Rulebook. For more information, contact: DeWitt Studio, 1230 Brickyard Cove Road #200, Point Richmond, CA 94801.

**THE COUNT:** 52 numbers were issued this month. 10 to Argentina, 10 to a builder in Sweden, 10 to a builder in Denmark, 6 to Italy, 5 to Brazil, 1 to the USA and 10 to Chile.

**NUMBERED SNIPES:** 29276

**CHARTERED FLEETS:** 846

# From the Commodore

Dear Snipers:

We have heard from only a few regarding plans for World Snipe Day. Use Snipe World Day during the first weekend of May to introduce the Snipe to other people. If each of us can encourage one person to join the Snipe class, our numbers will grow. We depend on our members to be the sales people for our class, so do a demonstration, or a special race or other special gathering and expose the best one design to the rest of the world!

We need your scores for the High Point trophy. The high point is a fun way to involve the local fleet. The local fleet is an important

part of our organization and the High Point is a way to stay connected.

Look out for a new web page location, [www.snipe.org](http://www.snipe.org). Alex Pline, Steve Keckler and Dave Tillson are hard at work to get it set up. Please contact one of them; help is always welcomed.

I just saw the new Snipe promotion video. It is great and will be a powerful tool in promoting our boat. Our thanks to Erling Olsen and Don Hackbarth, the former for his contributions to the video and the latter for persevering in the project.

Have fun and go fast in Snipes,

*Gonzo*

## AROUND THE SNIPE WORLD

### Snipe Sailors Remembered

**Margaret Boswell:** Margaret Boswell was proud to be the first, and so far, only female to win the Hayward Western Hemisphere Trophy. Margaret, crewing for husband Gary, won the 1970 WH Championship sailed in Spanish Point, Bermuda in light air against the likes of the Schmidt brothers, Elms, Kelly, Simmons, Siegenthaler, Ninomiya and other great sailors. Margaret was also the recipient of the Eleanor Williams Memorial trophy in 1970 as the highest placing female in the US Nationals. She is survived by her husband Gary in Texas.

**Pierre Siegenthaler:** Pierre was known as "Powerful Pierre" and represented SCIRA in many World and Western Hemisphere championships. Pierre was born in Switzerland, where he ultimately met his death in an avalanche. Pierre lived in many parts of the world including the Bahamas and most recently the Turks and Caicos Islands. Besides sailing Snipes, Pierre was also World Sunfish Champion. He is survived by his wife Karen and their daughter.

# 1997 Brazilian National Championship

This year the Brazilian National Championship was held in São Paulo at Guarapiranga Lake, with lots of rain and generally mild wind. The tune-up race was on Sunday, Jan. 26, with a low attendance since finishing this race is considered to bring bad luck for the rest of the series. Of the 67 registered boats only 21 crossed the finish line. Talk about a bunch of superstitious sailors!

Due to the large number of entries, the competitors were divided into 4 groups sailing round robin on 2 race courses. On each course the race committee was instructed to follow the fleet downwind and yellow flag any overeager crew considered to be using illegal propulsion. The crew would then have to do the circles right there and then to avoid disqualification. Quite a few boats had to bite the bullet and pay the alternative penalty during the series.

The first race with light and shifty winds out of the Northeast had André Fonseca (Junior World Champion of 96) lead the fleet across the finish line on course 2 while Paulo Santos, after rounding the next to the last mark way down in the fleet, picked up some favorable shifts on the next two legs, to finish first on course 3.

Races 2 and 3 were held on January 28, again with light winds out of the Northeast. The first race of the day had Ivan Pimentel and Ricardo Paradedá winning respectively on courses 2 and 3. For the second race that day the groups changed courses and with the wind dying down, the race committees decided to use a windward-leeward course. Course 2 saw Frederico Vasconcelos and his brother Felipe as crew leading most of the way to take the honors at the finish line, while Fernando Kessler and Eduardo Rocha were first on course 3.

After an evening of thunderstorms, Wednesday, Jan. 29 dawned without rain, unlike the preceding two days. Winds were steady from the North at about 8 knots, lightening considerably to the end of the race. On course 2 Axel Frisch/Carmen Lindemann and Ricardo Paradedá/Henrique de Lorenzi sailed off to an early lead. At the finish line it was Ricardo Paradedá leading with Axel Frisch in second. Since Ricardo was later disqualified, top honors for this course were awarded to Axel Frisch and Carmen Lindemann. On course 3 the winners were Alexandre Paradedá and Flavio Fernandes.

These first four races comprised the qualifying series with 34 boats out of the 67 originally registered competing for the National Championship on course 3. The rest would be competing on course 2 as the Silver fleet.

Thursday began as a lovely sunny day, with winds varying from 12-15 knots, out of the Northeast, more typical of São Paulo in the month of January. In the Championship fleet Alexandre Paradedá sailed a very consistent race to finish first.

The sixth race was sailed under the same weather conditions as the day before, with Paulo Santos leading at the finish line. Eduardo Florêncio/Eduardo Neves were second with Alexandre Paradedá in third, wrapping up the Championship with this result, without having to sail the last race.

Saturday, February 1, brought a surprise to all

since at race time the winds were howling from the Northeast at 20 knots, with gusts up to 28 knots. The race committee decided to postpone for a couple of hours to let the wind settle. At about 2:00 p.m. the wind

had died down slightly with gusts at around 22 knots which was considered adequate. Even so many of the sailors decided to stay on land to avoid damage to their boats. As Alexandre Paradedá and Flavio Fernandes had already won the Championship they decided not to sail. The Championship fleet and the Silver fleet were instructed to sail on the same course to make any salvaging easier, which proved to be a wise decision. The race was hectic with a lot of swimming and bent spars. At the end only 15 boats from the Championship fleet finished, with George Nehm and Luciano Lopez in first for the race and placing

second overall in the Championship. In the Silver fleet only Abílio do Amaral crossed the finish line, without the jib since the halyard had given up during the last windward leg.

In the evening the Clube de Campo de São Paulo offered a lovely dinner where the awards were given to the 10 first of the Championship fleet, the first 8 from the Silver group, the first 3 Juniors, Masters and Women Skippers.

# 1997 XXVIII Comodoro Rasco Snipe Regatta

February 1-2, 1997

Miami, Florida

Peter and Connie Commette repeated last years win but this time with 5 bullets! No wonder they are the US National Snipe Champions. The Snipe Class Commodore Gonzo Diaz and his super crew Carlos Guevara were second for a good year start!

This year Comodoro Rasco was a light weather championship. We sailed Saturday with Northerly winds 6-10 and had 3 windward/leeward races. On Sunday we started a race with the land breeze (northwest) but it did not last and the race was recalled. Finally raced with winds from the Northeast (had backed up from ESE) again under 10 knots. Some favored the right thinking that it would go to the seabreeze (southeast) however, Northeast was the forecast and that is what we got!

Once more year for our super race committee chairman Dick Reinke with the help of many club members and friends: Marvin Schenker, Janet O'Brien, Jeanne Buntin, Will Bourne, Ken and Kay Voss (alternating at the helm of the Snipe with son Nick crewing), Carl Straw, our Commodore Mike Arnold, Pedro Freire, Jorge Bustamante., Jim Mayes Nick and the guys from the Dockmaster office. Thank to you All!

Thanks to Carmen Diaz for our lasagna dinner Saturday night enjoyed very much by the competitors and the race committee.

After the trophy presentation by the Coconut Grove Sailing Club Commodore Mike Arnold, we proceeded with "La Bomba" celebration with the

photo: The Winner's Circle: Dick Reinke, CGSC Race Committee Chairman; Peter Commette, Commodore Gonzo Diaz, Bergie Montarroyos, Steve Carr. Kneeling: crews - Connie Commette, Beto Montarroyos and Julie Carr.

winners of both fleets drinking from the cup, now a tradition in this regatta.

—Gonzalo E. Diaz  
Fleet 007 Captain

# Snipe North Americans Canadian Style "Eh"

Prior to 1973 the Snipe Class did not have a North American Championship. A group of Snipers in Oakville, Ontario decided it was time to get into the big leagues and approached Doug Keary, a fellow Sniper and independent businessman to present a trophy which was called the InterNorth Cup.

Fleet 321 went ahead and proclaimed 1973 as the start up regatta which was held in Oakville and won by noted Sniper sailor Don Hite and so it all began.

When Birney Mills, Executive Secretary of the Class, died in 1970, SCIRA took over the regatta and it became the Birney Mills Memorial.

1997 will again see Oakville host the NAs and we hope to see many Snipers come and see where it all began 24 years ago, to sample the infamous Green Can and memories of Steve Callison winning a midnight race for champagne over a fleet of 12 Green Canned Snipers with no collisions on a very dark night.

Host Club Oakville Yacht Squadron's facilities include 1 hoist, 2 ramps and ample parking, camping and vanning on a limited

basis. Limited accommodations, on a first come basis. We are planning a full social schedule with good Canadian beer.

Racing on Lake Ontario is a short sail from the Club. The water is cool, so bring foul weather gear.

The Big City, Toronto, is only 30 minutes by car or train and your dollar is worth 30¢ more up here which makes it all very affordable. Hope to see you all.

*Id Crook*  
Canadian National Secretary

# 1996 SCIRA High Point Championship Trophies

## Bob and Sandy Rowland Take Overall Trophies

Bob and Sandy Rowland, hailing from Cowan Lake, Ohio, took this year's Reichner (International High Point) Trophy and the Minneford (US National) Trophy by 1 point over last year's winner Neil Martin of the UK. Bob and Sandy sailed 14 races while Neil lodged 24 with his fleet. The top five were rounded out by Henry Davis, INSA, Howard Wolff of Chippewa Lake, Ohio and Jim Richter of Indianapolis, IN.

The scoring for these trophies is a unique combination of positions

placed averaged over the number of races sailed. Total reporting was down this year to 127 competitors compared to 1995 with 186.

Cliff Browning of Indianapolis sailed the most races with 41, while there were 11 boats competing under number 20,000; the oldest being Don Jones of Lincoln, Nebraska with hull 15118. For 1996, only 10 fleets of the 373 active fleets participated.

For more information or to compete for the 1997 trophies, see pages 102-106 of your current SCIRA Rulebook, or ask your fleet captain.

# Going Faster Has Never Been Easier.

At North Sails we believe your boat can always go faster and your sails can always be a little easier to trim and it's our job to help make it happen. Toward that end we consistently do the most exhaustive sail testing in the industry. For 1997 our design team has turned out the updated AP-2 main, the AP-2P and the new Mylar MY-5 jib, all of which give you more power and are more forgiving at the same time. We know fast sails aren't the only ingredient in speed which is why we are always available to help you get the most out of your boat and your sails. Whether it's help tune your rig, help fine tune your trim, or tactically help you stay on course, we'll help you go faster, faster.

**Fast Sails. Friendly Service.**
