Voice Of The People

PRAISE FOR " AND ONE BOAT FOR ALL"

"I must congratulate the producers of this film. It was one of the most exciting, entertaining, and informative movies I have ever seen on sailing. If anyone has ever had any doubts about the seaworthiness of the Snipe Class sailboat, just show them this film and their fears and doubts will be dispelled.

I particularly enjoyed seeing the many different wind and water conditions under which we sail. This film clearly shows the ruggedness, stability, and safety of the Snipe. It also shows the relative ease of handling, no matter what conditions prevail.

This last Spring we had the best display ever at the Chicago Boat Show. In addition to the many large posters, pictures, and hand-outs, we had a number of sailors on hand to answer any questions a prospective sailor might ask. As a result of this participation in the Boat Show, we had over 75 prospective new Snipe owners and guests at our last Snipe meeting. We showed the movie then to everyone's enjoyment, and I am sure we will be getting many new members as a result of the pictures."

— Donald J. Campion Riverside, Illinois.

THE INTERNATIONAL SNIPE CLASS OF PEOPLE

"In late June, I visited the Dayton, Ohio, area to renew old acquaintances I had known while stationed at Wright Field during World War II. One day included a visit to Heuston Woods on Acton Lake not too far from Cincinnati and, being a Sniper, I was drawn to the beautiful lake and the boat landing, - naturally!

Standing on the dock with my hostess, Virginia Wood, and looking at a fleet of sailing Snipes was almost too much to bear, as only a sailor without a boat knows. The look of longing must have shown on my face. A few casual remarks and showing my Snipe Class card immediately identified me as "one of them." Mr. Bob Hill of Cincinnati and the Acton Fleet 515 and a winning skipper, spontaneously offered, "Would you like to sail my Snipe?" - and we did, naturally!

This act of generosity and understanding leads to the conclusion that the Snipe is not only a Class, but a Class of People as well. This is the attitude and spirit that binds and builds."

— Henry Font, Alamitos Bay Y.C. Long Beach, California

THINKS SPINNAKER ON SNIPE NOT NECESSARY

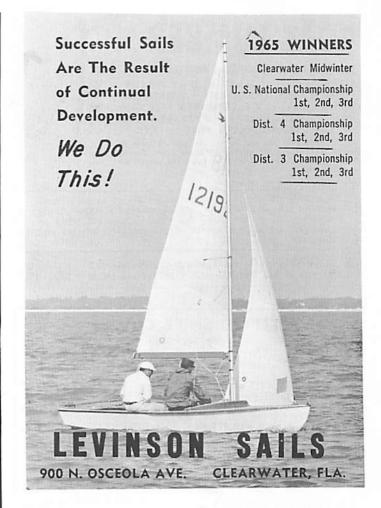

"I want to commend the National Secretaries of the Western Hemisphere on their recommendation NOT to adopt spinnakers on Snipe.

One of the strong points drawing new members to our local fleet is the fact that a sailor can be competitive having his wife, girl friend, or young son crewing for him. He can be really competitive because Snipe is not an overpowering or complex boat, although it is lively and responsive. It does not require trained athletes to sail it.

I feel that to add spinnakers would tend to discourage many, if not most, of these amateur crews. I am sure these conditions parallel the conditions prevailing in most of the other fleets in the world. While the three or four "hotshots" in every fleet might welcome the change, such a move would not be in the interests of other Snipers who feel not only pleasure in sailing a fine boat, but the pleasure of being able to share this with family members. Thinks also of the number of women in the country who own and race their own Snipe. How many of these would be willing to adopt a spinnaker?

With these thoughts in mind, I hope future officials of the International Snipe Class will weigh very carefully the effects of such a change when the matter presents itself again."

-- Robert Donald, Annapolis, Maryland Mr. Donald stresses a point often overlooked by many when considering problems concerning the future of Snipe and SCIRA. How will it affect the majority of Snipers - the ordinary man?

The Cover -

These two photos show how a prominent Englishman enjoys the water, and demonstrates that Snipe has an universal appeal to all men.

The Honorable Edward Heath, Member of Parliament and Leader of the Opposition, has bought Snipe 15564 built by Olympic Boats of London - all fiberglass hull with white deck, light blue hull and sails. He named it "Blue Heather"; is a member of the Broadstairs Snipe Fleet 388; and the top picture shows him sailing it on his 51st birthday, July 10, 1967. His crew is Rix Waldon of the Broadstairs Yacht Club.

The picture below reveals that Mr. Heath really likes the water as he relaxes in another way on Aberdovy Estuary, Wales Tow, last September. It is evident he enjoys his task.

The International Snipe Class extends the hand of fellowship to Skipper Heath and welcomes him aboard.

- Photos by Peter Powell.

— THE SCORE — Numbered SNIPES --- 17186 Chartered Fleets ---

The business of issuing new numbers for Snipes (what a pleasant job it is!) picked up considerably last month when 138 went out all over the world. Things got back on a more normal keel again with U. S. taking 77, or 16 more than other countries with 61 - Spain leading with 30, France 15, Turkey 10, Canada and Uruguay with 2 apiece, and 1 each to Argentina and Colom-

This healthy figure makes a big jump in the 1967 total to 569, well over our yearly average of 475, and 30 more than the grand total for 1966, which was SCIRA's 6th best overall year. So '67 is going to be right up in the top five finishers, which, as any sailor knows, is a very satisfying position. Snipe certainly is a healthy and lively little rascal - growing bigger all the time!

Of passing interest is the fact that 17171 went to the new fiberglass hull which Francis Lofland of Lofland Sailcraft donated to the 1967 U.S. Nationals as a door prize. It should be a well-known boat.

Two new fleets were chartered in central United States. For the last 5 years, Reuben J. Ross, Jr., has been trying to get a fleet started at the Bow Mar YC in Littleton, Colorado. Faced with the handicap of a limited membership on a private lake where Jet 14 (7) and Sailfish (45) fleets were already entrenched, Rube got help from Lee Tautz; they finally got a group to buy 12 kits last Fall, and took on a winter building project. They ran into some serious unexpected difficulties, but they finally got 6 hulls completed, measured, and in good standing. It was a happy day for them (and SCIRA) when they sent in the charter fee and received Charter 640 for the Bow Mar Fleet.

AUGUST, 1967

Levinson Brothers U.S. Team in Pan-American Games

SCIRA's ambitious program for U. S. participation in the Pan-American Games came off without a hitch. 150 skippers participated in the area elimination races held in 7 SCIRA districts throughout the U. S. early in the season. The top 3 winners from each district plus the present U. S. Champion were eligible to enter the final series in Minneapolis. All 22 showed up to race in 22 new identical fiberglass boats.

Seven races, with 6 counting, were held on Lake Minnetonka, Minneapolis, Minnesota, July 13-16. The series turned out to be a true Levinson performance; for Alan (Buzz) sailing as skipper with brother Harry as crew (a reversal of their usual act) won handily with a 4-1-1-6-4-3 over their lifelong competitive friend, Dick Tillman. Elms was 3rd, while Dick Rose of Seattle and Stovy Brown of Annapolis were 4th and 5th. All veteran sailors and winners in the Snipe Class.

The first race was windy, about 15-20 mph. Two races were sailed and the Lofland fleet of new boats were off to a very unusual series. Elms led them all with a 1 and 3 that day, just edging out Tillman in the 1st race. In the 2nd, the first 4 boats all finished within a few seconds of eachother after an 8 mile course in shifty winds, Tom Legere edging out the victory.

The second day the wind dropped to 0-8 mph and two long races were held with Buzz making hay with his2 firsts. Dick Rose, Stovy Brown, and Terry Cronburg also did well that day.

The third day saw the wind pick up again to 8-15 mph. Stovy Brown won the morning race, holding the lead all the way. Dick Rose was 2nd, which put Brown and Rose in contention for the top spot along with Levinson, Elms, Tillman, and Peterson (1 East Coast man - 2 Mid-westerners - 3 West Coast sailors - a pretty fair distribution). The afternoon race that day sunk the hopes of some as only Dick Rose of Seattle had a chance to beat Levinson after he got a 4th in his 6th race. Tom Nute of California came through with a nice win in that race.

The next morning saw strong SW winds from 14-18 mph for the final 7th race. Hurley, Hancock, Tillman, and Levinson battled for the lead, with Tillman taking over on the second beat and winning comfortably. Buzz improved his already overall winning position with a 3 while Rose dropped to 8, and thus again a Levinson team took the top prize in a big event. They earned the right to appear at Winnipeg.

Final Results - PAN-AMERICAN ELIMINATION SERIES.

Points were awarded under the Olympic scoring system. It is interesting to note that, if the Snipe system had been used, the results would have been as follows: (1) Levinson - 8607; (2) Rose - 7875; (3) Tillman -7788; (4) Elms - 7135; (5) Brown -6751. Another illustration of placing heavy emphasis on the very top positions in a race under the Olympic scoring.

Kellerhouse Won Northeastern Title

WINNERS - (l. to r.) Oscar Anderson and crew -2nd; Dr. and Mrs. Lee Kellerhouse - 1st; Buzz and son Frank Levinson -3rd.

The Northeastern Snipe Championship Regatta was held May 20-21 at Crescent Sail Yacht Club, Detroit, Michigan. 20 of the boats arrived Friday evening, while Saturday morning brought 14 more. All boats were weighed, and many required from 20 to 30 pounds of added weight. Masts and booms were also measured.

The skippers' meeting was held Saturday morning and the first race got away at noon in NW winds of 18 mph with puffs up to 24. 29 boats started, as several stayed ashore an account of the weather.

Jerry Jenkins started fast off the leeward end of the line, tacked generally up the middle, played the shifts, and reached the first mark with a good lead which he held to the finish. Buzz Levinson was one of three who capsized jybing at the second mark. Two other boats dismasted during the race. Harry Levinson sailed steadily and took over 2nd place on the second beat. Gene Lemke of Indianapolis was third. Only 18 boats finished this race.

The second race was postponed until Sunday because of increasing wind velocity and extreme sea conditions.

Two races were sailed back-to-back starting at 10 AM Sunday in light variable winds from NE.

Buzz Levinson led at the first mark, which he maintained to win easily. Jenkins fouled out at the second mark and retired from the race. Howie Richards of Oakville, Canada, took 2nd and Kellerhouse of Chicago was 3rd.

The second race followed a similar pattern with Buzz again sailing easily into first place. Hancock and Bugbee were 2nd and 3rd respectively. Jenkins and Kellerhouse followed in 4th and 5th. Kellerhouse took overall first with a 7-3-5 series. Crescent Sail YC was quite pleased to see top level Snipe competition return to Lake St. Clair under their old Fleet 5.

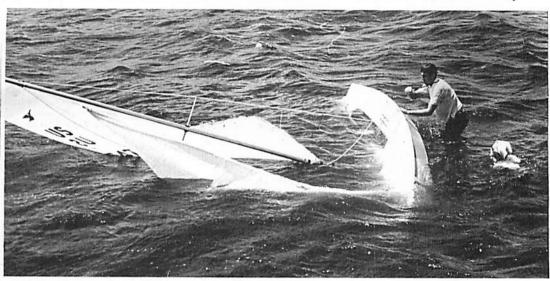

Final Results - NORTHEASTERN REGATTA - (Top 20 of 34)

Dan Flaherty Leads 39-Boat Fleet to Win D-4 Championship

Bill Walker, St. Simons Island, begins righting operations by standing on the centerboard after capsizing in the first race in the District IV Championships. Ida's in the water!

— Photos by Andy Anderson, Fla. Times-Union.

39 Southeastern Snipes went for a couple of wild rides as Danny Flaherty wrested the Roberts-Seavy Trophy from his former teacher at the District IV Championships at the Florida Yacht Club of Jacksonville on June 10-11. Gonzalo Diaz was 2nd, Francis Seavy 3rd.

The 4th consecutive D-4 Regatta to be held at this site, it was far and away the most exciting. District Governor Brad McFadden had asked for a special course for Snipes at the annual St. Johns Regatta, where 15 classes were scheduled to sail. The FYC Regatta Chairman agreed to the special arrangements if 30 boats would show up. With boats to spare, McFadden had the committee lay out a heart-breaking nine mile long Olympic course, and the currents, tides, and winds cooperated to offer a real challenge to D-4 skippers.

Winds for the 2 Saturday races averaged 20 knots. Past-Master Seavy took the lead in the first and easily won it, with former Cuban Champ Diaz 2nd, and Flaherty 3rd. McFadden, the only inland lake sailor who was really in the race, managed a 4th, and Pete Duvoisin was 5th.

The second race was almost a carbon copy, with Seavy again holding a wide lead, Duvoisin 2nd, Flaherty 3rd, Mc-Fadden 4th, and Diaz 5th.

At the tremendous banquet Saturday night, everyone was discussing Seavy's obvious talents - and trying to learn some of his secrets. Most skippers, having battled for their lives during the long afternoon, were too pooped to party, which is unusual around these parts, to say the least.

Sunday's weather offered respite for the lake sailors, for the wind had moderated to around 8-10 knots. Buzz Lambgot the best start and streaked for the windward mark with a fellow clubmate, Pete Duvoisin, in hot pursuit. Seavy and McFadden were both bottled up at the line. Seavy fought his way from 22nd place to a tough 9th at the finish. McFadden mysteriously took a DNF, and was thus out of it. Diaz and Flaherty stubbornly battled the light airs and at the finish it was Lamb, Flaherty, Diaz, Duvoisin, and Lloyd Cox in order.

Flaherty's winning record was a 3-3-2 series; Diaz had 2-5-3, and Seavy's 1-1-9 was still good for a 3rd place cup. (Under the Olympic scoring system, Seavy and Diaz would exchange places) Ed Fendig of St. Simons Island, got 5th place with his 12-7-6. Many good Snipers, such as Bill Aicardi, had equipment difficulty in high winds and chop and were unable to sail a complete series. Many others, especially the lakers, thought discretion to be the better part of valor and rested their tired bones after only one race Saturday.

The real story of this 1967 D-4 Championship lies in the winner, 21-year old Danny Flaherty. This regatta proved two

major reasons why the Snipe Class will always be the most popular, and Danny's record is inspirational in both respects: Firstly, the boat. Danny picked up a discarded Snipe for the sum of ninety dollars. He worked it over on Sundays and holidays, and it looked every bit as good as any at the regatta. The number is 5637, and it was built by a Corpus Christi, Texas, amateur back in 1946. Thus it is 22 years old - older than the skipper! Secondly, the age of the skipper. In this series there were some real youngsters, barely teen-agers, and there were some who don't even like to read about such things as age - like Sam Norwood. Sam, a former SCIRA Commodore, sailed a 17-6-15 series to take 10th place in the large fleet of 39 boats - and there were some older folks sailing, too, which makes the point about age.

Flaherty's achievement also demonstrates the value of a good junior sailing program. Danny began in the Optimist Pram, and his obvious talent won him the use of one of Clearwater YC's fleet-owned boats as well as berth as crewman for Francis Seavy. Danny crewed for the master in 3 U.S. Nationals, and borrowed Seavy's boat to win the Junior Championship at Mission Bay in 1964. Now, he's another new star to watch at the 1967 Nationals this August. By the way, it helps to crew for Seavy for a couple of years: 4th place Pete Duvoisin went that route when he sailed in Clearwater. — Garnett Puett.

1966 Season High-Point Scores

Here are the remaining point scores carried over from last month when space ran out.

You will recall that Martin Hellar of the Galway Snipe Fleet 412 in New York State made a clean sweep when he won both the Minneford and Reichnor Trophies. He sailed 20 races late in the summer in a 15 boat fleet to get 18 firsts and 2 seconds for 1742 points.

Only 5 points (but enough!) separated Joe Cacoperdo of Sequoyah 68 of Tulsa, Oklahoma, from Hellar. Last year, his fellow clubmate, Joe Becker, was second with 1723, so Cacoperdo improved the effort by 14 points, but still not good enough to bring the coveted prizes to his club's Trophy Room. Third time may be the lucky charm!

Chuck Hardey, 1958 trophies holder, of Shreveport 38 was third with 12 firsts, 2 seconds, and a fourth in his 15 races. The next spots were occupied by Robert Harding of Iowa-Nebraska 309 and Dave Edwards of Muncie 557 in Indiana, both relative newcomers to these high spots.

The hope expressed last year that more countries would send in a list of their top 20 or 25 skippers did not meet with too good response, as perusal will show. But if National Secretaries collected this limited data, it would sure add more interest and meaning to this international contest, the oldest in SCIRA.

1966 SEASON HIGH-POINT SCORES

IS IMPROVING RACING RESULTS YOUR GOAL?

We introduced our NEW SNIPE early this year for those who consider racing performance the only criteria of value. The results have been very gratifying to us and to those who chose our Snipe. Ours were the winning boats in the following 1966 Regattas:

1st & 2nd Hoosier Harvest Regatta -Ted A. Wells 1st & 2nd Indiana Open Championship -William Hancock U. S. National Championship -1st Wells Series - Berkley Duck III 1st Muncie Spring Regatta -Gene Lemke 1st Northeastern International Championship - Buzz Levinson Chicago Indian Summer Regatta-1st Gene Lemke 2nd District III Championship 2nd Ohio State Open Championship Decatur Labor Day Regatta 2nd 1st Jackson Hospitality Regatta -William Hancock Bahamas Winter Championship 2nd-1967 Buzz Levinson

If you are looking for a little extra speed for next year, drop us a line.

ENGINEERING \$ BOAT CO. INC.

THE CHOICE OF CHAMPIONS*

The famous Varalyay hull NOW AVAILABLE in 3 versions!

Semi-finished

- ance. 'Varalyay Built' wooden snipes have a proven record —12 National Championships.
- FIBERGLASS for low maintenance. Permanent locked in colors. Hull lines identical to our world famous wooden snipe. Unsinkable, positive flotation.
- SANDWICH CORE (optional extra) for wood hull stiffness. but with the low maintenance of fiberglass.

Featuring the 'Varalyay Built' super deck for easy hiking. Choice of varnished Philippine mahogany or molded fiberglass with natural teak trim and a white rubber rub rail.

Stainless hardware. Stainless plastic coated rigging. Aluminum dagger board — 3/8" thick for extra stiffness. Boom Vang. Nylon Hiking Straps.

Round spruce hollow slotted mast with built in wire halyard winches for inside halyards stepped on keel or deck. Proctor aluminum mast optional extra. Boom and whisker pole of spruce.

'Varalyay Built' snipes will meet all requirements of the Snipe Class Racing Association, Weight 425 lbs.

THE ABSOLUTE BOTTOM

A quick glance at the bottom of the list above could lead to the hasty conclusion that the worst Snipers sail on San Francisco Bay. But here figures do lie!

San Francisco Bay Fleet 12 has about 45 members now, and it is easy to get 30 boats in a race. They have some top sailors, many average, and the usual number of beginners. It is hard to score high in a bunch like that over a long season (they sail over 40 races) and tail-enders are naturally going to get low scores. Larry's 409 means that his average finish position in 10 races was 21, which is not too bad in this fleet. If he had been in a small 11-boat fleet and actually finished last in each race with 11 entries, he would have scored an even 1000 points; if in a minimum 5-boat fleet, 1396 points, or well up in the top half of the score list. Thus the "worst Sniper" (God forbid that there is such a person!) could be concealed anyplace in the listing.

So, again, the glaring weakness of this score report is emphasized. It was inaugurated in the early days of SCIRA when there were no large fleets to throw in a large monkeywrench. To be perfectly fair under 1967 conditions, these comparative scores should be weighted according to the number of boats beaten in each race. So many points for each boat beaten added to the finish position would probably do the trick; then a person could say, with pride, "Look! I am the 349th best Sniper in the country", and be safe from challenge!

(NEW SNIPE FLEETS from Page 4)

Located right off of Ridge Trail, the most scenic in the Continental Divide of the Rockies, their future is bound to be rosy the location is so attractive that everyone will want to go to their regattas. Rocky Mountain Fleet 210 will now have a good neighbor, and interclub sailing will push Snipe right along in the lovely vacation land. (You should live in Denver!).

While it has been known that there were many Snipes existing in the Minneapolis area, efforts to get them organized were never successful, for one reason or the other. So it was a pleasant surprise when one mail produced measurement data sheets for 6 previously unregistered Snipes, along with current dues and a request for a charter. Charter 641 went to the Minnesota Snipe Fleet. Like the Colorado situation, this fleet should have fair sailing in the Land of Lakes. If you live close enough to join in the fun, write to Warren Hanselman, 369 Old Hwy 8, New Brighton, Minnesota. The hatchway is wide open!

Condition of the season survival.

by Ted Wells
AUGUST 1967

MID-SEASON SUMMARY

This is being written just before leaving for Minneapolis for the Pan American Finals — which should be interesting as hull speed won't have anything to do with winning. Relative boat speed will be affected by the sails and what the skipper does with them, and how well he tunes his boat — whatever that means.

As I intimated in the WW for July, there really hasn't been anything wrong with my boat speed (in lake sailing, that is) that better starts and better decisions on sails wouldn't cure. I'm still afraid that the Desert Drifter in Phoenix in January was the Drifter of the Decade for me; in the District II Pan Am elimination races at Oklahoma City, there were two drifters - one which didn't count because the first windward leg became a run, and the other couldn't hurt my score, as I dropped out on account of a port-starboard incident. I was going awfully slowly in both of these. However, with light but not drifty winds, I managed two firsts and a second in the other races and three firsts in the Iowa-Nebraska regatta. In all races I used a main that doesn't like a bendy mast and an old and trusted jib, dropping the boom to the center stripe in two of the Iowa races. One of these turned into a pretty good blow - about 25 mph toward the end. A sail that is too small and looks awful but goes fast brings more trophies than one that sets beautifully, but doesn't go as fast. Unscientific, maybe, but I'm finally convinced, and it is a real joy to use the same sails regardless of wind velocity.

This was the year of the Happening at regattas, except in Wichita where the regatta itself didn't happen. June 24 and 25 came and went with water two inches deep at the end of our longest dock. It rained on June 27 and on June 28 there was three feet of water over the spillway. We will have our regatta in September.

Dallas started by having a 90 degree windshift and a rain squall to end Saturday's racing. Steve Taylor livened things up at Oklahoma City by setting fire to the RC flag with the starting gun (no fooling! It was blazing merrily and 50% burned up before someone noticed it). Quivira Sailing Club wound up the trophy presentation luncheon by having the condenser on the air conditioner in the dining room blow up (you never saw a trophy presentation end so promptly!). Fort Worth, however, took first place by having a power cruiser catch fire and burn at night just as it left the yacht harbor. No casualties to either people or sailboats, but it was quite a show.

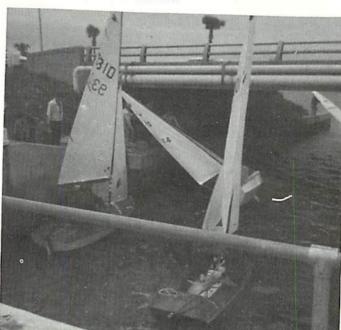

It will be interesting in Minneapolis to see how the high and mighty of the NAYRU Olympic Committee run a regatta. At least, in this part of the country, we have become spoiled by having good lines and good courses everywhere - the result of two out of three races being thrown out at Shreveport one year, and one at Fort Worth. Shreveport since has had excellent courses and starting lines and everything happens right on time. On starting lines, the committee got smart this year. They announced that 'when Nelms and Wells approve the line, we will fire the gun. "A clever way of getting the monkey off the committee's back.

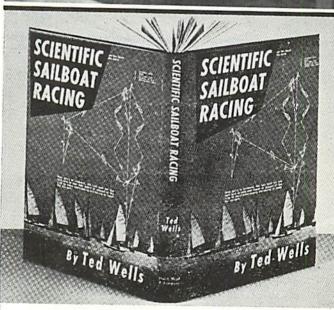

At Fort Worth, Snipes are about 50% popular. Some of the old timers resent our insisting on what they consider silly

rules. The rest think we are wonderful because about six of seven times as many Snipes show up as any other class, and they like big regattas.

РНОТО

The promised photo of the Volga Florida Boatman act is re produced here (I hope!). Barbara Manz also advised of a ambitious proposal to enlarge the Snipe Southern Winter Circui in include Puerto Rico and the Virgin Islands. It would probabl take a month's time and six months pay to make all of it, but i should be fun if they get it worked out, and anyone can take part in any part of the circuit.

First appearing in 1950, this fine sailing book has become the "Sniper's Bible" and has proven so popular throughout the world it was revised and enlarged for a third printing. Not only does it tell how to rig your boat, but how to sail it — and win — as well.

BUILDING A PLYWOOD SNIPE

NOW YOU CAN BUILD YOUR OWN SNIPE AND JOIN THE LARGEST ONE-DESIGN RACING CLASS IN THE WORLD!

Written and edited by Harold L. Gilreath, 1956 SCIRA Commodore, Champion Sniper, and Lockheed Co. Engineer, it is one of the finest DO-IT-YOURSELF construction books for a boat ever offered by any one-design class.

Consisting of 99 pages size 8 1/2 x 11, it contains 98 pictures, 47 plates of diagrams and sketches, and plans along with a text giving complete instructions for building a real champion hull and finished Snipe with all outfitting and rigging details. Mr. Gilreath constructed Snipe #12345 as he compiled the book, so nothing is overlooked.

At the present time, this greatly desired book is available only from the International Snipe Class. It costs \$7.95 POSTPAID from Akron. ORDERS FILLED THE SAME DAY RECEIVED.

SCIRA 655 WEBER AVE. AKRON, OH 44303
