Why Are More People Choosing Sobstad?

This year, we at Sobstad have been working harder to help every Snipe sailor go faster and it has been showing. We do more than just build sails that are fast and easy to use. We help others understand what works and what doesn't by giving clinics for groups and individuals, helping people set up their new and old boats from scratch and making sure that we have a representative to help you go faster at the Nationals regattas. In addition to all of this, every sail comes with our thorough tuning guide and we have even more tuning information and regatta articles on our web page at www.sobstad.com. The results are clear. Our customers spend less time tuning, and enjoy more of their time on the water going fast.

With two US Snipe National Champions available by phone, fax, E-mail, mail, Etc, you can be sure that you will get answers that will help you sail faster. So if there is anything we can do for you, give us a call.

From The Commodore

You may be seeing the opening of World Masters Championship 1998 in Cordoba, Argentina when this March Bulletin arrives at your hands.

As you can imagine, what I most hope is that SCIRA will be developed enough to give the joy of sailing to the greater number of people in the world, from junior to masters.

Here, I would like to introduce the letter and e-mail that I received recently as well as my opinion about them.

The first is the letter from European Liaison Officer, Mr. John Broughton. Mr. Broughton, who has contributed much to SCIRA as Secretary General for Europe, is now making effort to increase the number of masters members in Europe. His purpose is to strengthen the friendship by organizing the Snipe elders and arranging the race for those old friends. I am introducing a part of his campaign letter "EUROPEAN GUILD OF SNIPE ELDERS"; "The European Guild of Snipe Elders has been formed to both recognize the class work you did in earlier days and give a feeling of

still belonging to the association. Regardless of whether age, disability or other commitments you are no longer active on the water, or, a member of SCIRA. The aim of the Guild is to move into Europe the long adopted policy upheld by SCURA U.K. - "once a Sniper always a Sniper."

I am sorry that I could not show the whole content of the letter, but he wants to contact secretaries of each region of Europe to organize the snipe elders. The contribution of elders are essential for measuring works of SCIRA and training for junior and cadet that are responsible for snipe's future.

The second is the e-mail from Mr. Chris Duer, Commodore Florida Tech Sailing US (e-mail; cdur@winnie.fit.edu) and Gonzalodiaz, Past Commodore (e-mail; gonzalodiaz@accesspro.net). This is aimed at improving the relationships between the sailing club of the university students and SCIRA membership policy which I would like to just summarize. As snipe is expanded throughout the world with wider range of

sailing age from junior to masters, situations are changing greatly such as conditions of each country, ability difference between each generation, social movements and development of information and communication. We may find an example of the influence of social movements on SCIRA in the recent starts of World Masters Championship (in 1986) and Women's World Championship (in 1994). These changes have caused the problems on membership policy which is the heart of SCIRA Constitution. Regarding the Guild of Snipe Elders by Mr. Broughton that I mentioned earlier, it would not be able to skip the problems of the membership policy.

SCIRA has established in 1997 the Rulebook 2000 Committee to change and develop enormously. I am sure that to set the new membership policy is most important task in which I should take responsibility. From next letter, I am willing to tell the concrete ideas for this purpose.

SCIRA Assistance

SCIRA wishes to thank Renee Bartell for assisting with the finances in 1997 and 1998.

Regatta Date Change

Harris L. Kempner Memorial Regatta hosted by Texas A&M in Galveston, has changed the date to April 25-26.

Other Notes

North Eastern Regatta reported in the November 1997 issue is actually called the New England Championships.

San Francisco Fleet Captain Vince Casalaina, commenting on their newsletter reported in the January Bulletin, notes that Joe Harvard, a graphic designer is responsible for their newsletter.

New Orleans Jazz Festival Regatta

April 25-26 at SYC

in the Crescent City

The Jazz Festival begins on April 24 and ends May 3rd. This SCIRA Sanctioned regatta will allow time for everyone to visit the Jazz Festival and get some sailing in at the same time.

We also invite you to bring any boat that is for sale. Charter it to new Snipe sailors and see if it sells!

For Information, call Watt Duffy w-(504)482-3178, h-(504)833-3919

Jerry Blouin (800)454-3003, h-(504)897-2301

Limited housing available so call soon!

Hotels are also limited at Jazz Festival time.

SCIRA Installs New Officers for 1998

Commodore Akibumi Shinoda

Handa, Japan - Now serving his third year as a SCIRA flag officer, Shinoda is steering the Snipe Class toward the year 2000.

Vice Commodore Lee Griffith

Yardley, Pennsylvania, USA - As Vice Commodore, Lee will take the chairmanship of the promotion committee for SCIRA for 1998.

Rear Commodore Id Crook

Oakville, Ontario, Canada - Id has been sailing Snipes since 1954, mostly in the front end as crew. He competed in the 1966 and 1968 Western Hemispheres, 1971 Pan American

Games, numerous World Masters and North American regattas. Id has been Canadian National Secretary since 1974, Vice Western Hemisphere & Orient Secretary 1986-1988 and General Secretary from 1989-1990. He has been chairman of the World Masters in Oakville in 1988 and Race Committee Chairman for the 1997 North Americans. Id, his wife Anne and daughter Gweneth, are friendly, familiar faces on the Snipe circuit around the world. Id says, "The Snipe has been so good to me it's pay back time, so anything I can do to help SCIRA is the thing to do." As Rear Commodore, Id is chairman of the finance committee.

Lori Lowe - Member at Large

Nassau, Bahamas - Lori started sailing in 1976 in Nassau in Sunfish, but was quickly picked up as a hot Snipe crew, competing in the 1987 Pan American Games, 1994 and 1997 Worlds in Rimini and San Diego. She began skippering her own Snipe in 1981 at the Clearwater Midwinters and recently skippered at the 1995 Western Hemisphere & Orient Champs. She has also

Meet the Board

competed for the Bahamas as a member of the Olympic Diving team. Lori is an attorney in Nassau and is married to Past Commodore Jimmie. Lori enjoys the Snipe class for great sailing, great people and great parties.

Terry McSweeney - Member at Large

Bay Village, Ohio, USA - Terry credits his introduction to the Snipe Class to Bill Buckles, who not only spoke highly of the Class, but introduced Terry to Snipes through his boat lease program. Terry has been lucky to have such experts as Craig Leweck, the Commettes, Steve Callison and Bill Buckles hone him on his skills. He has also been active in the J/24, Melges 24 and IOR classes. He is president of Art American, a graphic arts company that specializes in package design & printing. His wife Lore and her 3 year old daughter, Madelyn, all live in the Cleveland area. Terry's thoughts on the Snipe Class: "It is a very well de-

signed boat that has been able to survive tremendous evo-

lution in dinghy class designs, and when sailed boat for boat against most of it's "new" 15' counterparts, it still sails as well or better.

The real strength of the class is the people that sail the boat. That is what has really sold me on the Snipe Class. When I travel long distances to a regatta it is obvious that it's not because I feel I will win the regatta, but to see all my friends that I've made at these regattas. I would

like to see the class continue moving forward and growing, attempting to attract the sailors of all levels ability and encouraging the top level sailors interaction with the average sailors, as I've been lucky to experience."

The SCIRA Board of Directors also voted to continue Fred Rozelle as Treasurer until the year 2000. Rules Committee Chairman Brainard Cooper and Vice Chairman Giorgio Brezich were also voted to continue on in their roles until the year 2000.

Retiring Board Members

SCIRA wishes to thank retiring Board Members for their years of service to SCIRA: Lisa Foulke Pline, Annapolis, Maryland (and mother of new daughter Lexi) Bob Bowden, La Jolla, California.

Committees:

Centerboard: Peter Fenner Chairman; Antonio Bari, Sean Biehl, Brainard Cooper, Ola Nygard, Jan Persson, Antonio Roquette.

Rules & Measurement: Brainard Cooper Chairman; Rules committee members.

Long Range Planning: Means Davis Chairman; Ola Nygard, Fujiya Matsumoto, Gonzo Diaz.

Finance: Id Crook Chairman; Fred Rozelle, Fernando Krahe, Terry Timm.

Promotion: Lee Griffith Chairman; Don Hackbarth, Francisco Perez Lopez, Terry McSweeney.

Nominating: Gonzo Diaz Chairman, Arturo Delgado, Jiro Yamamoto, Jerry Thompson, Lori Lowe.

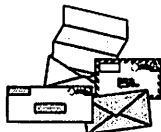

Juniors: Antonio Roquette Chairman; Francisco Perez Lopez, Bertel Bojlesen, Don Hackbarth.

ISAF: Per Ole Holm Chairman, Giorgio Brezich, Jerry Thompson, Terry Timm.

Database: Hal Gilreath Chairman; Lisa Griffith.

Letters To the Editor

To: Editor, Snipe Bulletin

From: Dan Williams, Rules Committee Chairman, Emeritus

Subject: Snipe 2000

I have for some time been thinking about some changes that I think ought to be made to the Snipe for the year 2000. I am convinced that we need to simplify the boat and make it less expensive if we hope to continue to be an active, stable Class in the future. It is quite obvious that, at least in the US, the growing classes are those with simpler, less expensive boats such as the Snipe used to be.

So, I propose the following Rules Changes:

Snipe 2000

- Rule No. 35:** Instead of "60" to 64", use 60" plus or minus 2" or 58" to 62"
- Rule No. 37:** Rewrite this Rule as follows: "The mast shall not be tapered. The minimum dimensions for aluminum masts shall be 2 1/8" (54.0mm) wide (athwartships) and 2 1/2" (63.5mm) fore and aft including sail slot."
- Rule No. 38:** Eliminate this Rule because it covers wooden masts.
- Rule No. 45:** Eliminate reference to tapered masts in first sentence. Also change minimum weight of mast from 20 lbs (9.1 kg) to 21 lbs. (9.5 kg)
- Rule No. 50:** Eliminate first sentence and substitute:

"Allowable Optional Rigging:

- (a) Mast push-puller (see Rule 8.12 - needs re-write).
- (b) Adjustable main sheet bridle - may be double-ended (per Rule 8.7)
- (c) Boom-vang - may be double ended (per Rule 8.4)
- (d) Retractable whisker pole system (per Rule 8.14)
- (e) Centerboard bridle system
- (f) Jib and mainsail Cunningham systems - may be double-ended.
- (g) Retractable reaching hooks.

"Prohibited Rigging:

- (a) Mast prebending systems
- (b) Barber and Mollett hauler systems
- (c) Floating jib leads.

Leave the rest of this Rule as is.

Rule No. 54: Reduce minimum weight from 381 lbs (172.8 kg) to 364lbs.(16.5kg). Leave bare hull weight at 276 lbs (125.2 kg), but reduce allowable ballast from 33 lbs (15 kg) to 16 lbs (7.3 kg).

Rule No. 78: "The minimum moment of inertia of the hull as determined from the formula above shall be:

English: 190 slug foot squared

Metric: 26.2 metric slug meters squared.

Some explanations of some of the specific Rules Changes:

Rule 35: The boat would balance better in high winds if the mast butt could be a little further forward than is presently allowed.

Rule 37: A non-tapered mast should not cost over \$500 maximum vs. more than \$900 at present. The effect on windage would not be noticeable to most sailors. Strangely enough, we had never specified minimum dimensions for aluminum masts, so I included them here.

Rule 45: I increased the minimum weight to allow for the material that is currently discarded in a tapered mast.

Rule 50: I think that the only way to simplify the rigging long term is to do as other simpler classes have done - spell out what is allowed and prohibit everything else. We have been too lax on this in the past and that has led to the present complicated boat.

Rules 54 and 78: This is where we make these changes attractive to the present hot shot sailors. They get to sail with 17 lbs. less weight and 100 slug foot less moment of inertia. They'll complain about the un-tapered and un-prebent mast, but they'll like the mast step location, less weight and less MOI - and they don't get the latter items without giving up the former ones.

Additional thoughts - there is a push on to go to one-size-fits-all centerboards, masts and rudders. This first is fairly simple because centerboard trunk height is fairly easy to control. For some reason, mast step height is not so easy to control, according to what builders have told me over the years, but it probably could be specified with reasonable tolerances. A universal rudder, however, is something else. It almost required builders worldwide to use the same gudgeon and pintle fittings. And we would still have to specify their exact location on the transom and rudder. I still think that is more trouble than it is worth.

On fiberglass centerboards, Brainard Cooper and I recently tested the latest ones from Antonio Roquette and they look very interesting to us. They do weigh about 20 lbs. (about 9 kgs), so there is not as much weight savings as with the original Italian fiberglass boards. I feel that we are on the right track, but there are still a lot of questions to be answered before we incorporate them into the class.

Enough for now.

Dan Williams

Rules Committee Chairman, Emeritus

1998 US Nationals Site - Gull Lake Country Club and Yacht Club

Gull Lake Yacht Club is in full swing getting ready for the 1998 US National Championships, August 7-14.

For those who have sailed at Gull Lake before, we look forward to your return. And for those who will be visiting for the first time, we welcome you and are sure that you will find your experience at Gull Lake one to remember for a long time.

Gull Lake Yacht Club was established in 1926 and is located on the grounds of beautiful Gull Lake Country Club, Richland, MI. The Yacht Club has seven active fleets including, Star; International 210 (the largest fleet in the world); J-24; Flying Scot; Snipe; Laser; and Cruising Class.

Gull Lake is approximately 4 miles long, 1.5 miles wide, and covers about 2,600 acres with 17 miles of shoreline. For some of you this may seem small. But if your leading a race at the nationals here, the lake sails a lot bigger.

Gull Lake is shifty placing emphasis on tactics and patience and less on boat speed. However, if you can scramble with speed, you'll have some advantage. There are a lot of passing lanes. Wind conditions vary this time of year and the weather is generally beautiful. There is a good chance we will have a few days of light air. There will be more information provided on the sailing conditions as we get closer to the big date.

The average depth of Gull Lake is 30 ft. Its deepest point is 120ft. Average water temperature that time of year is 74 F. The water is super clean. You can see the bottom at most points.

For those spectators enjoying the racing from the lawn of Gull Lake Country Club, plan on spending time enjoying the swimming beach. It's very refreshing.

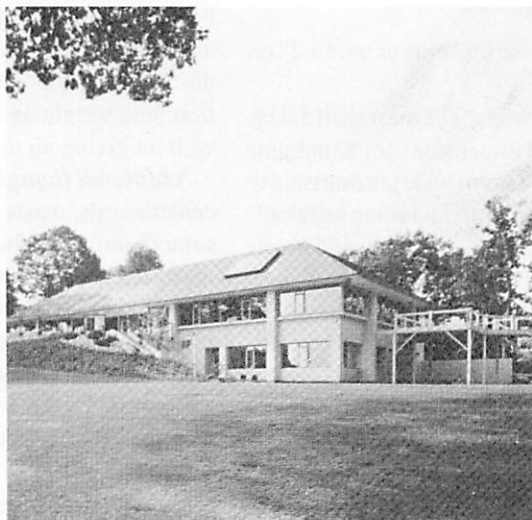

The social schedule during the regatta will be packed full of daily (for those not sailing) and evening activities. Back by popular demand will be an evening at the Gilmore Classic Car Museum where you will get to drive several old cars and be treated to a great dinner. There's even been some talk about a Barber-Shop Quartette. (Details to follow!)

Information regarding housing also will be available shortly.

Gull Lake Yacht Club is very proud of its history of hosting great events.

We look forward to hosting the 1998 US National Championships and hope to see you there.

NorthWest Snipe Championships

The Northwest Snipe Championship races were held on August 16 & 17 at Yale Lake, near Cougar, Washington. Willamette Sailing Club, of Portland, Oregon, hosted the event as part of their annual Al Morris Regatta. The weekend weather was ideal, warm and clear, and while the wind was very light on Saturday, Sunday's racing conditions were ideal. Ten Snipes participated in the event, five each from the Seattle and Portland fleets. Most people camped in the reserved campground, although some folks elected to stay in the nearby Cougar "Hilton."

The racing was dominated by Michael Lenkeit, of Seattle, who won all six races. Second place went to Paul Maier, of Portland, who took five out of six seconds. Two races were held on Saturday in very light wind. A third race was abandoned when the wind totally died. That night WSC hosted a BBQ, and everybody hoped for more wind for Sunday's racing.

Yale Lake, Washington

Our wishes were granted. Sunday's conditions were ideal, with a steady 10 to 15 knot wind blowing up the lake. Four races were held with Ted Garman, of Seattle, claiming third place.

The event concluded with the handing out of trophies by WSC, and with the Northwest Snipe perpetual trophy being awarded to Michael Lenkeit who promised to return in 1998 to defend his prize. Please make plans to join us here next year for some great racing in a beautiful location.

Notice of Race Pre-Pan American Games Regatta

Dates: Friday July 31 to Monday August 3, 1998

Location: Gimli Yacht Club, Gimli, Manitoba, Canada

Organizing Authority: The event is being organized by the 1999 Pan American Games Sailing Committee in conjunction with the Gimli Yacht Club, the Manitoba Sailing Association and the Canadian Yachting Association.

Rules: The regatta will be governed by the Racing Rules of Sailing, the prescriptions of the Canadian Yachting Association, the rules of the classes concerned, except as any of these are altered by the Sailing Instructions, and by the Sailing Instructions.

Fleets: In addition to the Laser, Laser Radial, Laser II and Lightning classes, all classes selected for the 1999 Pan American Games are invited to participate and will be given a separate start if a fleet of more than seven boats has registered. This includes IMCO - Male and Female, Europe, Finn, Sunfish, Snipe, and Hobie 16. An Open Class will be run to accommodate those boats that cannot constitute a fleet and will be scored using the Portsmouth number (D-PN) as supplied by US Sailing. The event will be the Laser Canadian Sailing Team (CST) National Qualifier Regatta (NQR), and the first of two Mistral One Design CST NQRs. The event is also an ISAF World Ranking list event.

Category: The event will be a Category B event. Each competitor who wishes to take advantage of the Category B classification must submit a written declaration of intent, including a list of sponsors, prior to or at registration for the CYA Sail West '98. The organization authority reserves the right to refuse permission to display any specific advertisement.

Eligibility: Canadian competitors are required to show proof of membership in a club which is currently a member in good standing of the CYC (a card is the normal method of proof). Other competitors are required to show proof of membership in their own national authority.

Class Membership: participation in the Laser, Laser Radial, Laser II and Lightning classes will require a current membership in the appropriate Class Association. This will be checked during registration.

Race Schedule: The start for the first race on each day of the competition will be 1000 h. The schedule of races will be contained in the Sailing Instructions but should include two or three races per fleet Saturday, August 1 and Sunday, August 2, and one or two races on Monday August 3.

Sailing Instructions: The Sailing Instructions will be available at the Gimli Yacht Club at 1200 hr on Friday July 31, 1998.

Scoring: The low point scoring system (Rule A2.2) with first place counting 1 (one) point. One discard will be allowed with five (5) or more races. Three races must be sailed for the Championship, Grand Prix points (Laser) and Pan American Games Qualification (if applicable) to count.

Measurement: Measurement of all boats will take place at the Gimli yacht Club beginning at 1200 noon on Friday, July 31, 1998.

Registration: Registration along with the entry fee of \$50 per single handed, \$80 per double handed or \$110 per triple handed boat shall be received by 1800 on Monday, July 27th. Registration forms can be obtained from and, following completion, sent to:

Peter Loewen	204-261-3019 (evenings)
1054 rue des Trappistes	201-474-8334 (days)
Winnipeg, MB R3V 1B8	204-474-7603 (fax)
Canada	peter_loewen@umanitoba.ca

Late on site registration will take place between 1200 and 2200 at the Gimli Yacht Club on Friday, July 31 and require an additional \$20 per yacht.

Prizes: Prizes will be awarded to the top five finishers in each fleet as well as, in the Laser fleet, the first Junior (16 and under), first Women and first Master.

Accommodation: A list of local accommodation options will be supplied with the registration package. It is recommended that entrants book accommodation as early as possible.

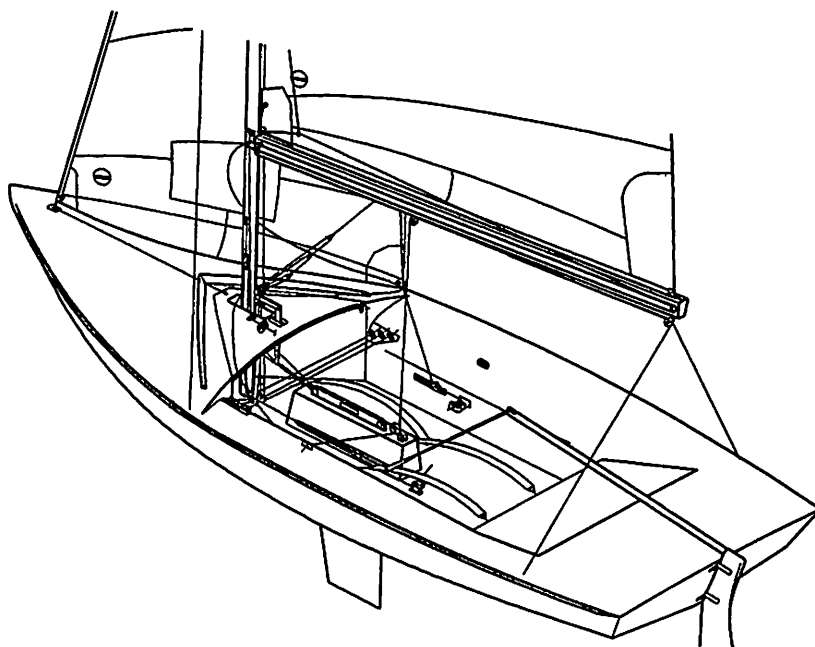

Lillia Snipe

Working together with the world's best sailors, we thought, designed and built...

New Lillia Snipe

- ★ Computer designed hull for the best all-around performance.
- ★ Deck modified with the most comfortable hiking position.
- ★ Deck hardware lay-out thought for more simplicity and access.

1997 World Champions Mauricio Santa Cruz and Eduardo Neves show their winning form and their North Sails.

This September, 56 of the worlds top Snipe sailors hit the line in San Diego to determine the World Champion. When the smoke cleared, sailors using North Sails **took the top 4 places and 6 of the top ten**. Congratulations to Mauricio Santa Cruz and Eduardo Neves for their great performance! North Sails also won the Pre-World regatta to totally dominate the World Events.

Wherever you sail...from Finland to Japan to Argentina, and all points in between, count on North Sails to deliver world class speed. Call, fax or E-mail today for the latest information or to place your order!
