**SNIPE BULLETIN**

The SNIPE BULLETIN is edited and produced monthly by Birney Mills, Executive Secretary.

Address all correspondence to:

Snipe Class International Racing Association,  
655 Weber Ave., Akron 3, Ohio, U. S. A.

Subscription Rates.

**\$2.00 Per Year.**

Owners of measured and paid-up Snipes receive **SNIPE BULLETIN** as part of their membership free.

Forms close on the 15th of each month preceding publication. Material received after that date will not appear until a later issue. Contract advertising rates may be had on application. Be sure and notify SNIPE BULLETIN of any change in address, giving both old and new addresses.

**The 1961 World Championship Races**

The BIG EVENT this year for Snipers all over the world is the series of races for the World Championship of the Snipe Class. From 1934 to 1946, this event was synonymous to the U. S. National Championship Races held every year, but starting in 1947, a separate series was held in Switzerland. Since 1949, contests for the title are held every two years in the odd-numbered years.

This year, the United States is the host nation and the Quassapaug Fleet 231 the sponsoring fleet. The races will be held Sept. 16-22nd on the waters of Long Island Sound at the American Yacht Club, Rye, New York. Approximately 21 of the 27 nations in the SCIRA family expect to send their champions, thus making this regatta one of the biggest international regattas ever held outside of Olympic competition. It is really quite a noteworthy sailing event and Snipe owners can be proud of their organization and its accomplishment.

Past Commodore Terry Whittemore, widely known throughout the Snipe sailing world, is General Chairman of the Organizing Committee and you can be assured he and his committees are doing their best to meet all problems. Complete information will be sent to all National Secretaries and further details can be obtained by writing to him. But for your immediate contemplation, he directs your attention to the following:

" DEAR U. S. SNIPE SAILORS AND FRIENDS:

There is nothing wrong with our progress in preparing for the forthcoming WORLD SNIPE CHAMPIONSHIP that money won't cure! We have tried to think of every possible way to raise the necessary funds in a way that the burden will be shared by many, and therefore lightly, rather than by a few. Unfortunately, there is no way that contributions can be tax deductible as far as we can determine. Raising the SCIRA dues \$5.00 for U. S. Snipers would be the fairest way, but it is realized that this would be taxation without representation. We therefore are going to have to rely on the voluntary contributions of Snipe individuals, Fleets, and Clubs around the United States in order to do our Class and Country proud. We are doing the leg work and preparations, but can not swing this regatta without your financial support. Please do so now, as we have expenses to meet now. Forward your contributions to: SCIRA WORLD CHAMPIONSHIP FUND  
c/o Howard Watts  
Country Club Road  
Middlebury, Connecticut.

Enquiries are coming in from all over the world about this great event, and the enthusiasm, excitement, and interest it arouses is most gratifying. We have the largest sailing class in the world! It is growing by leaps and bounds, and I think that this will continue for many years to come. Regattas open to Snipers abound on all bodies of water, it seems. The World Championship is emblematic of the highest honor obtainable in Snipe racing.

Our turn to hold this regatta is at hand, and it will be many years before our turn rolls around again. With the support of all U. S. Snipe sailors, we will do our best here to carry on the

tradition established over the years by having this Championship fitting to the honor it carries." — Terry Whittemore.

### The 1961 U. S. Nationals

Chairman Thomas St. John, Jr., reports all in readiness for the influx of champions expected in August at Old Saybrook, Conn., -- all eager to win the privilege of representing the United States in the World Championships. The racing schedule is on page 16. If you are going, don't let ignorance of entry rules or carelessness mar your arrival. Complete information is in the rule book - the Juniors under the Duffy Trophy and the nationals under the Heinzerling, Wells, and Crosby Trophies. Good Luck!

### Errors in the Rule Book

In spite of every care, and all precautions taken to insure perfection, errors in printing anything are bound to creep in somehow - somewhere. Thus in the 1961 SCIRA Rule Book a couple have been discovered, and here they are:

(1) Page 80, Snipe Sails Dimensions, Roach on foot of jib (see diagram): It now reads, "Maximum roach of 5" measured to tangent points - not grommet centers." This was restated last year for the sake of clarity to read, "Maximum roach of 6" measured from grommet centers." The net results are exactly the same no matter which way the roach is measured, so the error is not serious.

(2) Course length in the Isaacks, Western Hemisphere, and European Championship Deeds of Gift is not completely stated through similar errors of omission. The proper course length for all three regattas is: "five nautical miles minimum, seven nautical miles maximum." The words, "minimum, seven nautical miles" were omitted from the above correct phrasing in all three cases. Since the Isaacks Trophy is the only one held this year, correction of the error will not be difficult.

### Class Dues Approved by IYRU

Of special interest to loyal organization members of all one-design racing classes is the recent statement by the IYRU to the Secretary of the International Flying Dutchman Class:

"For your information, the Committee was satisfied that, in a well controlled and well administered class, income was essential and it was reasonable to limit entries to championships to paid members of the Association."

This official ruling by IYRU confirms what the International Snipe Class has advocated and practiced for several years, not only on a local, but also international basis. The official dues are small and allowances are made for specific cases, but in all cases, financial contribution is considered obligatory for all individuals or groups and nations who want to participate in SCIRA activities. It is due to this policy and the usually cheerful compliance with the requirements that SCIRA has developed into the strong organization it is today. Certainly, there can be no valid argument now to change the policy, especially since IYRU officially approves it.

### Slauson Memorial Trophy for SCIRA

Contributions for a Cleve Slauson Memorial Trophy for SCIRA have been received from 13 individuals over the United States (see March 1961 BULLETIN). The money has been forwarded to Dan Wesselhoft, 5419 Sherwood Ave., Peoria, Illinois, who heads up a local committee of Cleve's friends to determine the nature of the trophy and the deed of gift. This national trophy has nothing to do with the local trophy which the IVY Club established and raced for in June this year. Any additional contributions can be sent to Dan, if you wish to participate. The trophy and deed of gift will be presented to the SCIRA Board at the Nationals and no doubt it will be awarded for the first time then. A complete report and acknowledgment to contributors will, therefore, be made after that event.

## CHAPIN WINS SLAUSON TROPHY

The Illinois Valley Yacht Club of Peoria, Illinois, and Snipe Fleet 131, of which the late Cleve Slauson was a member, decided to inaugurate a new regatta in memory of their fellow sailor. To be known as the Cleve Slauson Memorial Regatta, this invitational series will be held each year around Memorial Day. The first was held June 10-11th, 1961.

Three races were scheduled for the weekend, and the lack of wind prevented a race Saturday morning. But that afternoon, a little wind finally came up out of the west and the first race was on. Stan Salzenstein got away first, rounded the windward mark first, and was first over the finish line. No one could catch him! Sam Chapin of Springfield came in 2nd, Tom Head 3rd, and Dan Wesselhoft, 4th. After this race, all had a few free beers, went home to change clothes, and then returned for a wonderful dinner-dance that night.

Sunday morning, the wind was very light out of the southwest. Positions changed frequently throughout the entire course and finally ended up when Tom Head came in first with Chapin close behind in 2nd again. Wesselhoft was 3rd. When the wind freshened up that afternoon, there was a little more action. The Wesselhoft brothers jumped to an early lead with Head and Chapin in hot pursuit. Tom Palmer of Decatur sailed into 3rd position on the second leg and the finish was Wesselhoft 1st, Chapin in 2nd again, Palmer 3rd, and Head 4th.

Thus Chapin with three 2nds won the first Slauson regatta and took home the beautiful new Cleve Slauson Memorial Trophy pictured above. It is a punch bowl, tray, and 12 cups - all engraved with Snipes. Sam filled the bowl several times and everyone went home in good spirits. 26 Snipers from 4 Illinois fleets participated and the presence of Chicago representatives was especially appreciated. The event should attract more sailors next year, and all Snipers are invited now to come.

### Final Results - SLAUSON MEMORIAL Regatta - (1st 16 places)

# JJ Rumbings

In the last two issues of the BULLETIN I have discussed the primary importance of practice and the significance of sheer determination. Two more of the 5 basic factors in "How not to lose races in the first place" are considered this month.

## NATURAL ABILITY

A few years ago, I had a friend who bought a boat, although he had never sailed before. (This happens every day.) He asked me to go out with him one Saturday afternoon and show him how to sail. As it turned out, I could have stayed at home for all the help I was to him, for as soon as he left the dock, he literally sailed the boat as if he had been doing it all his life. He had a natural feel for it and that was all there was to it! Shortly thereafter, this same fellow was winning races. To my mind, this was a good example of a certain indefinable something which we usually call, "natural ability." We've all seen examples of this where someone just seems to know how to drive, or to ski, or hit a ball, etc. Perhaps it is due to above average coordination of senses and muscles, which most famous athletes enjoy.

I'm sure that, on the other hand, with the level of competition that exists amongst Snipe skippers, natural ability alone will never win a race; but, on the other hand, let's face it - without a certain amount of this sort of indefinable ability, there just isn't going to be any successful racing (winning, that is). Now, assuming that a minimum amount of natural ability does exist (and I'm sure that it does for at least 5 out of 6 active Snipers), then it seems to me there is no remaining good reason why anyone can't become a successful sailor, since all the necessary remaining ingredients can be acquired. The point is, then, that not having an abundance of natural ability like Superman isn't a really good excuse for not winning races. All of the top Snipers like Don Trask, Bob Huggins, Stan Kintz, Jules Voerge out here in California have some natural ability, especially Bob, but I'm sure that of greater importance is the fact that these same fellows practice, practice, and practice; they know the rules; have good equipment; and are real determined!

## TACTICS AND RULES

We've all seen many races won and lost simply because of thorough knowledge, or lack of it, concerning basic tactics and the rules. This is most evident around marks of the course, and the beginning and end of a race. If you are coming into a mark and there are 1 to 20 boats doing the same thing at the same time, and you're not sure what your rights and obligations are, you might as well just forget the race. It's the skipper who knows just what he is going to do and what he is allowed to do who's going to be ahead after rounding the mark. Of course, the same goes for the rest of the race, especially at the start and the finish. What this means is that tactics depend on fast and right decisions as to what to do, and this in turn depends on a thorough knowledge of the rules. This knowledge has to be so thorough that doing the "right thing" becomes instinctive, like driving a car in heavy traffic and avoiding trouble while at the same time observing all traffic laws without thinking about what you are doing at the time. In sailing, you can't spend time drawing diagrams deciding what to do or which way to go when the competition is as close as it is in Snipes. In any case, tactics and knowledge of the rules are certainly attributes which can be acquired by anyone who is really interested to the extent of taking the required time and study together with the usual practice.

— John Jenks.

# EMILIO SALVI INTERNATIONAL HIGH-POINT WINNER

## BRAZILIAN SAILOR RETAINS HOLD ON REICHNER TROPHY

### EUGENE SIMMONS OF BERMUDA SECOND—CASTLE TOPS IN U.S.A.

Emilio Salvi's nine children must believe that their Daddy is the best Snipe sailor in all the world, for once again he brings home some tangible evidence to prove his prowess. In four of the last five years, Salvi's name has come up as the winner -- in 1956 he tied with Fernando Marques of Portugal and he got clear titles in 1957, 1959, and 1960.

As last year, the Pernambuco Fleet 211 sailor has a perfect score of 1750 in 15 races with an average of 10 contestants in a race. This oldest Snipe trophy, established in 1932, has been in the United States once in the last six years, when Charles Hardey of Shreveport Fleet 38 won it in 1958. And if the Salvi kids develop sailing ability like the Old Man, it appears this international trophy might remain in Brazil indefinitely. Emilio has also held the high point championship of the Latin Nations for several years now. We have a fine picture of him holding the trophy and you can see it by referring to the July 1960 BULLETIN. It has been published twice before.

Eugene Simmons of the Spanish Point Fleet 361 in Bermuda continues to demonstrate he is also one of SCIRA's best sailors when he scored 1740.8 points in 17 races for second place. Last year, he was in third place with 1740.7 in the same number of races, and in 1958 he was 3rd with 1713. Such consistency is noteworthy and deserves eventual victory.

Warren Castle of the Dallas (Texas) Fleet 1 has attracted national prominence with his recent performances in important regattas and his reputation is bolstered with the solid work of winning the Minneford Trophy, prize of the U.S. Snipe with the highest point score. He totalled 1740.1 in 24 races, only 7/10ths of a point behind Simmons, to get third place.

And veteran Ted Wells still stays close to the top with 1728.4 points in 29 races, climbing from fifth place last year to

a good fourth this year. John Rose of Seattle Fleet 444 (another tough and experienced sailor) is not far behind Ted with 1726.7 in fifth place.

Miss Bibi Juetz, famed traveling Sniper of Sao Paulo Fleet 311 of Brazil, was the top woman skipper with a perfect score of 1700 for the 10 races in which she participated. If she had sailed another five at the same pace, there could have been a Brazilian tie for the top spot. Pretty Bibi can, and does, sail with the best of them!

In general, there was more planned activity in SCIRA than ever before, with many fleets having 25 to 30 scheduled races during their official racing season. Don Trask of Lake Merritt Fleet 92 in California led all Snipers by participating in 33 official races, while Bob Cummings of Dallas 1 and Bob Roskam of Wichita 93 sailed 31 apiece. More scores were reported than ever before.

GET YOUR GLASSES  
— and start to look!

You will find your score here  
IF

- (1) you paid your dues last year as a member of SCIRA.
  - (2) you had a measured boat and were eligible to race.
  - (3) you sailed in at least 5 official point score races.
  - (4) your Fleet Captain sent in the point scores as required under class rules and the Fleet Charter.
- and if you  
don't find it--  
ask him, "WHY NOT?"

# NEW SNIPES BUILT FOR WORLD CHAMPIONSHIPS

Everyone entered in the World Championship Races in September will have a new boat especially made for the occasion. More than 25 Snipes, all exactly alike in construction and equipment, are being furnished by one builder and this feat in itself is quite unusual for sailing classes in the United States. All must be privately financed and every Snipe has the opportunity to get one of these fine boats and, at the same time, give support to the occasion.

They are all built of Western Cedar with mahogany marine plywood deck with Everdur fastenings and hard glue construction. Equipment is of the finest and includes many extras as required in World Championship Races. All Hardware is stainless or chrome; a Lippincott bailer is installed; lifting rings are provided; the bronze centerboard weighs 56 lbs. With Pimm dacron sheets, a Danforth anchor, paddle, cushions, tools, and a wind pennant, the boat is all ready to go as soon as sails are raised. Completely equipped in every detail. Get out your adding machine, total up the cost of all items, and see how reasonable the price really is at \$1,472.55. They will be available to you on September 24th.

## THE ONE YOU BUY MAY WIN THIS EVENT!

Why not support this Championship by ordering one of these TOP NOTCH Racing Snipes right now? The many champions who have worked to produce this Snipe know you will be TICKLED SILLY with your new acquisition.

Send your orders or enquiries to:  
TERRY WHITTEMORE, 327 Church St., Naugatuck, Conn.

## 1959 NATIONAL SNIPE CHAMPIONSHIP

Recognize these winning grins? These happen to be worn by the new National Snipe Champion, Richard Tillman, and his crew, Beth Norwood. Had we the space we would like to display many more such winning smiles, including those of the Jr. National Snipe Champion, Leslie Larson.

Perhaps most pleasing to us is the realization that each entry in this national championship series is a fleet champion in his own right, and more than half of the entries used Watts sails, recognizing their championship caliber.

# Wells Wanderings by Ted Wells

## PRAYER TO OLD JOE

Dear Joe: Please make the week of August 7th "Be Kind to Wells Week", because I have agreed to be Chairman of the Race Committee for the World Championship Regatta unless I'm sailing in it. I really don't deserve that bad a fate, but if the Nationals turn out to be the drifting and guessing contest that I contemplate, I'll need a drastic change of luck to avoid the job.

## DISTRICT 2 CHAMPIONSHIP

Speaking of Joe - his boys have been quite active out here this spring, and when we held our district championship at Fort Gibson where Joe had such a good time in the 1959 Nationals, he didn't send a helper - he came himself! When Joe personally takes over the job of lousing up a regatta, it's pretty hard to pick out any "lessons for the day", but a few things, I think, stood out.

For some reason, it seems that very often it is necessary to favor one tack very strongly, and failure to do so is fatal. Sometimes there is a logical reason and sometimes not. Also, it seems that with drifting conditions, going down the middle never pays - beating, reaching, or running. Stay fairly well to one side or the other, and hope you pick the right one. Generally, it will pay to stay with the front runners and hope for breaks. Going off alone never seems to pay for me, except on rare occasions and then only with the best of reasons.

In the first race, the wind was light and variable, and had a tendency to shift to the north prior to the start. I got bottled up badly on the start and decided to take a long port tack in hope that the wind would continue to go to the north. Fortunately, it did!

In the second race, there were several misguided souls who thought they could start on a port tack. I wasn't trying for a perfect start at the far end of the line, but was close enough so that I got caught in the ensuing mess. This race was about one hour after the first one and the wind had continued to shift northward. The windward mark was fairly close to shore, which was quite steep. It appeared to me that the wind velocity would be much better approaching on a port tack, which was more or less perpendicular to shore, so I went that way, although this involved deciding that the wind had gone as far south as it was going to go. This got me up to about eighth place or so at the windward mark. I decided to stay down wind on the following

## DELTA the Ideal LIFT for SNIPE

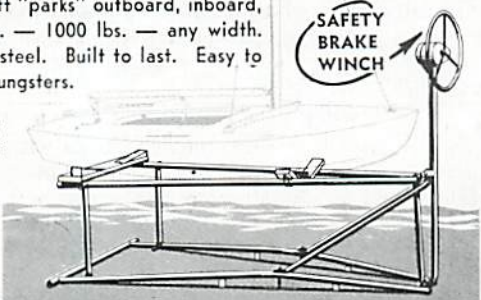

KEEP YOUR SNIPE SAFE, DRY and CLEAN

Quality built boat lift "parks" outboard, inboard, sailboat up to 17 ft. — 1000 lbs. — any width. Galvanized, tubular steel. Built to last. Easy to operate, even for youngsters.

WITH RUBBER CUSHION SNIPE BOLSTERS

Only from SCIRA - 655 Weber Ave. - Akron, Ohio

broad reach, which turned out to be correct. Playing the second windward leg the same way, got me up to second. Holding down wind on the broad reach worked fine for a while, but suddenly ceased to work, and I stayed in second.

At this stage, Old Joe got to work! The two races mentioned above were on Friday; Saturday produced a kind of zero with light puffs and no races, so we started out Sunday morning with Louis Nelms holding a 1 and 3, I had 2 seconds, Bill Kilpatrick a 1 and 8, and Jimmy Zars a 5 and 4. The breeze was light and had shifted to the south so that the port tack was definitely the closest one to the mark; however, any further shift to the south would favor holding a starboard tack initially. Also, in the Nationals, this same wind direction had given quite a lift to boats holding the starboard tack initially.

I got a perfect start and then made the first poor decision, which was to go up the middle. Nelms and most of the fleet went to port almost immediately, while Zars went off on a long starboard tack. This brought me to the vicinity of the windward mark in about fifth place, but not over about fifty feet from Zars, who eventually got around it first. By now the wind had dropped and it was, or should have been, obvious that Joe was in complete charge. All the leaders tacked to starboard on a quick shift about a hundred feet from the mark. The port tack was still just as close to the mark, so I decided to outsmart the leaders. Error in judgment Number 2! That mark became the post office I couldn't get to and I rounded it in about tenth place - and a bad tenth, too! On the reach, it looked logical to stay down wind, away from shore. Error in judgment Number 3! Start second beat in fifteenth place. Since Zars had gotten to the mark first the first time by taking a long starboard tack first, I decided to try that. Error in judgment Number 4! Rounded the windward mark in about thirtieth place. On the run, I stayed well to windward, which was the first correct decision of the day. The wind continued to die and the tailenders started closing on the leaders. The boats that had held up to windward were gaining rapidly. The first five or six boats got around the mark fairly easily, but then a terrific traffic jam occurred. I succeeded in holding far enough back so that when the pile up occurred, I sneaked inside and came up to eleventh. Our five race regatta ended there with three drifters and a flat calm. Nelms in first with 1-3-4; Zars second with 5-4-1' and me in that same third spot I seem to like so well lately with a 2-2-11.

There is some consolation in the fact that Kilpatrick followed me with a 1-11-13 and Castle, who had been hotter than a TV marshall's pistol, was even worse. There's a well-known book that recommends getting as much practice as possible with competition that is as tough as possible. That I am doing! Now if Old Joe will only cooperate, maybe someone else will have that RC job - I HOPE!

## WANTED AND FOR SALE DEPARTMENT CLASSIFIED ADS. Used Boats and Equipment

Why not try an ad here for only five cents a word, at a minimum charge of \$2.00? RESULTS WILL BE GOOD!

**WANTED: ONE SUIT SNIPE SAILS** - cotton or dacron - in good condition. J. E. Montgomery, 403 E. 4th St., Long Beach, Mississippi.

**FOR SALE: EMMONS SNIPE 5630** in good condition. Excellent racing record: new mast and rigging; two suits of sails; all gear goes. John Staelin, 309 Riverside Ave., Riverside, Conn. \$375.00

**WANTED: DAGGERBOARD** for Snipe. State condition, material, size, and price. Roy Moxon, Perry, N. Y.

**FOR SALE: SNIPE 11296.** Heckel fiberglass. Watts dacrons, medium cut. Aluminum daggerboard; Racelite fittings. A measured boat. Steel trailer is equipped with mast rack, tie-downs, lights, and turn signals. \$1,150.00. Will deliver east of Ohio. Joe Ramsey, R. R. 1, Chestertown, Md. Phone 581r2.

**WANTED: USED SUIT SNIPE SAILS.** Prefer dacron. Will not race. Bill Trunck, Woodside Dr., Freeport, Illinois.

**FOR SALE: Snipe 12712** - New fiberglass hull with self-bailing cockpit. Proctor aluminum mast and aluminum daggerboard. Completely equipped and ready to race with new trailer included. Without sails - price \$1200.00. Used sails available if wanted either Roberts or Watts at \$100.00 extra. Contact: Buzz Levinson, 5318 N. Delaware, Indianapolis, Ind. CL 1-6487.

**FOR SALE: STAINLESS STEEL DAGGERBOARD.** Honed edges almost knife sharp. Wt. 62 lbs. Asking \$65.00 plus freight. James E. Morris, 1010 NE 128th St., N. Miami, Fla. PL 4-3974.

**FOR SALE: SNIPE 11122.** Like new, registered; completely refinished dacron sails; stainless board; trailer; racing equipment. Deliver 250 miles. MUST SELL. J. C. Howell, Rt. 4, Columbia, Tennessee. Phone EV 8-5019.

**DO YOU NEED A NEW MAST?** Get a complete set of plans for the CHAMPION round mast for Snipes designed by Ted Wells and build your own. 4 sheets of blueprints with all details for hardware and rigging for only \$1.00 per set. SCIRA, 655 Weber Ave., Akron 3, Ohio.

**BUILD YOUR OWN TRAILER.** You can get blue-prints and a detailed instruction sheet for two different types of trailers which were especially designed by snipers to fit a SNIPE. Why spend a lot of money? Only \$1.25 postpaid, complete.

SCIRA, 655 WEBER AVE., AKRON 3, OHIO.

**SNIPE POSTCARD IN COLOR** showing beautiful scene of Snipes racing in the Western Hemisphere Bermuda Regatta. Appropriate Snipe and SCIRA information on the back - a fine way to advertise your hobby and the Snipe Class at the same time. You will be proud of the card - use it for any purpose! Obtainable only from SCIRA, 655 Weber Ave., Akron 3, Ohio, for ten cents each or 20 for \$1.00 postpaid.

**LOOKING FOR A GIFT FOR A SAILOR FRIEND?** Why not send him a year's subscription to the BULLETIN? It is an outstanding class publication and contains many articles and stories which will interest any sailor. Just send in \$2.00 with name and address and we will do the rest.

**MADE ESPECIALLY FOR SNIPERS!** A high quality screw button for yachting caps with a crossed anchor emblem. A red Snipe on a dark blue pennant with white enamel background - all outlined in gold. Can be worn in coat lapel, too. Obtainable only from SCIRA, 655 Weber Ave., Akron 3, Ohio, at \$1.50 each. Fill that empty space on your cap with Snipe class insignia!

**WEAR SNIPE INSIGNIA.** A good quality emblem 2 1/2" x 1 1/2" suitable for wear on caps, pockets of blazers, jackets, sweaters, shirts, etc. A bright red Snipe embroidered on dark blue felt surrounded by yellow braid. Very attractive - shows up good! Advertise the fact that you own the best little boat in the world and belong to a grand organization. Get them for \$1.00 each from SCIRA, 655 Weber Ave., Akron 3, Ohio.

— SANCTIONED RACE DATES —

Aug. 3 -4 U. S. JUNIOR National Championship Races, Quassapaug YC, Terra Mar Yacht Basin, Old Saybrook, Conn. Thomas St. John, Jr., Bronson Dr., Middlebury, Conn.

The skippers' meeting for Juniors will be held Aug. 3rd at 8:00 A. M. with the first race scheduled at 10:00 A. M. There will be two more races that afternoon. The final two races of the series will be on Friday. No entry fees required.

Aug. 5-11 U. S. NATIONAL Snipe Championship Races at Terra Mar Yacht Basin, Old Saybrook, Conn. Entry blanks from Thomas St. John, Jr.

Skippers meeting for the Nationals will be held August 4th at 5:00 P. M. The five races of the Crosby Series are scheduled for 2 on Saturday Aug. 5th, 2 Sunday, and the final race Monday morning, the 7th. The seven races of the Heinzerling and Wells Series will start with the first one Monday P. M. at 2:30. There will be two races each on Tuesday and Wednesday, and then one race each in the morning on Thursday and Friday. Thus the afternoons of the 10th and 11th will be available for make-up or postponed races if necessary. The award of trophies will be Friday night, the 11th. \$25.00 entry fee for ALL contestants.

Aug. 12-13 NEW JERSEY STATE Championship, Beachwood YC, Toms River, N. J. John Eitel, 453 Barnegat Blvd. Box 139, Beachwood, N. J.

Sept. 2-4 MASSACHUSETTS BAY Open Championship, Boston Harbor, Cottage Park YC, Winthrop, Mass. Charles P. Loomis, 138 Court Rd., Winthrop, Mass.

Sept 9-10 LAKE WORTH SC Regatta, Lake Worth SC, Ft. Worth, Texas. Paul S. Beasley, 118 Live Stock Exchange Bldg., Ft. Worth 6, Texas.

Sept. 9-10 INDIANA STATE Open Championship, Indianapolis SC, Indianapolis Reservoir. John F. Call, Rt. 1, Fortville, Indiana.

Sept. 16-22 WORLD SNIPE CHAMPIONSHIPS, American Yacht Club, Rye, New York. Terry Whittemore, 327 Church St., Naugatuck, Conn.
