Summary: Rules of Conduct

Affects:

Constitution	By Laws	Class Rules
Deed of Gift	Rules of Conduct	NoR or SI Template
Other		

Objective: Update Class documents to current use

Proposal

3.7 Any International Championships shall be required to check sails stamps, decals, paddle, tow line and personal flotation devices at minimum.

Other championships in addition to the lower level are required to measure boats according to the specifications below:

Level 1- North Americans, South Americans and National Championships: corrector weights, daggerboard safety line and retaining system, ~~mast step~~, rudder security system.

Level 2 – WH&O and Open European Championships: weight, ~~sails~~, daggerboard, ~~jib tack~~ stay fitting.

Level 3 – Open and Junior World Championships: rudder, mast, boom, pole.

At discretion of the Measurement Committee of the event **and with the approval of SCIRA, an in house SCIRA-approved measurement system could be used and also** one or more of the measurements of the higher level of competition may be requested providing it is indicated on the Notice of Race, unless differently stated in the event's DoG.

Reasons:

The Covid Pandemic forced several events to adapt measurement and other process against Rules of Conduct. This changes were needed in order to have the regatta and might be needed in the future again. We need to have rules that consider this special circumstances.
