Director with a wealth of knowledge, contacts and expertise as the backbone of SCIRA. keep moral high during very troubling times.

These fees have doubled in recent years, but this increase. This fee will remain in place for the next 3 years (equating to an increase of 2.3% per year).

With SnipeToday now being a fully integrated part of SCIRA, we now have a great platform for which to communicate, advertise, and support members. We now have an account on SnipeToday for us to post pictures, news, and events, and I encourage everyone to follow us there.

With many more events predicted to take place in 2022, we are anticipating a healthy return to our income. Since 2016, the income from the regattas has more than tripled. This is largely due to the increased number of events, but also due to the increased fees per entry. These fees have doubled in recent years, but this increase is necessary to support the operations of the association.

During 2021 there was far more activity, particularly at National level. With an increase in sailors and races, the income has increased significantly. This is a positive trend, and we are looking forward to continuing this growth in 2022.

Since then our income has steadily increased. 2020 and 2021 are anomalies as these were years when many events were cancelled due to Covid. In 2021, with far more activity, particularly at National level, the income has increased significantly.

In 2021 there was far more activity, particularly at National level. With an increase in sailors and races, the income has increased significantly. This is a positive trend, and we are looking forward to continuing this growth in 2022.

The Portuguese hosts made the most of the event by offering great social activities for post racing and encouraging the teams to stay late to enjoy the night. The Portuguese teams dominated the first two races due to local knowledge and their own high standard of sailing.

With many more events predicted to take place in 2022, we are anticipating a healthy return to our income.
