

Class Rule Changes

International Snipe Class Association

Effective date: 2023-08-14

Status: Approved

Amendment One

C.9.3 CONDITIONS FOR USE, MAST

Delete:

- ~~(i) Rigging links and rigging screws shall not be adjusted while racing.~~

Amendment Two

C.9.6 CONDITIONS FOR USE, STANDING RIGGING

OLD:

- (a) The length of the **shrouds** and the **forestay** shall not be adjusted while racing.
- (b) The length of the **forestay** shall prevent the **mast** to touch the aft side of the hole in the deck when the pusher-puller is disconnected.
- (c) The use of shock cord while racing to remove slack of **forestay** and between the **shrouds** and the **mast** is permitted.

Amend to Read:

- (a) The length of the **shrouds** and the **forestay** shall not be adjusted while racing.
- ~~(b) Rigging links and rigging screws shall not be adjusted while racing.~~
- (c) The length of the **forestay** shall prevent the **mast** to touch the aft side of the hole in the deck when the pusher-puller is disconnected.
- (d) The use of shock cord while racing to remove slack of **forestay** and between the **shrouds** and the **mast** is permitted.

Amendment Three

F.6.3 Shrouds

Old:

- (a) Any shroud adjusters that do not allow the manual adjustment of the shrouds with the rig under tension

Amend to read:

- (a) Any shroud adjusters are allowed.
