**Objective:**

**Proposal** (include current & proposed changed wording- changes to be shown in **red**): *Example: By Laws: **Section 1. Racing Season***

*The official ~~racing~~ **sailing** season of this Association shall extend for the full twelve months of the year starting on January 1<sup>st</sup> and ending on December 31<sup>st</sup>.*

C.10.6.b) The jib shall have a wire or a fibre line (excluding PBO and Carbon) **fastened inside the luff and fastened to the head of the jib. Except when using the cunningham, the height of the jib shall not be adjusted while racing.**

**Reasons:**

After verifying that some sailors used a system that allowed the jib height to be varied at some point during the race, we added this consideration to clearly avoid it.
