Average Air Temperature: max 22°C - min 16°C

Distance to the Race Area: 1 nautical mile

Yacht Club Porto Rotondo

www.ycpr.it

A history of passion and sea since 1985

THE FOUNDATION

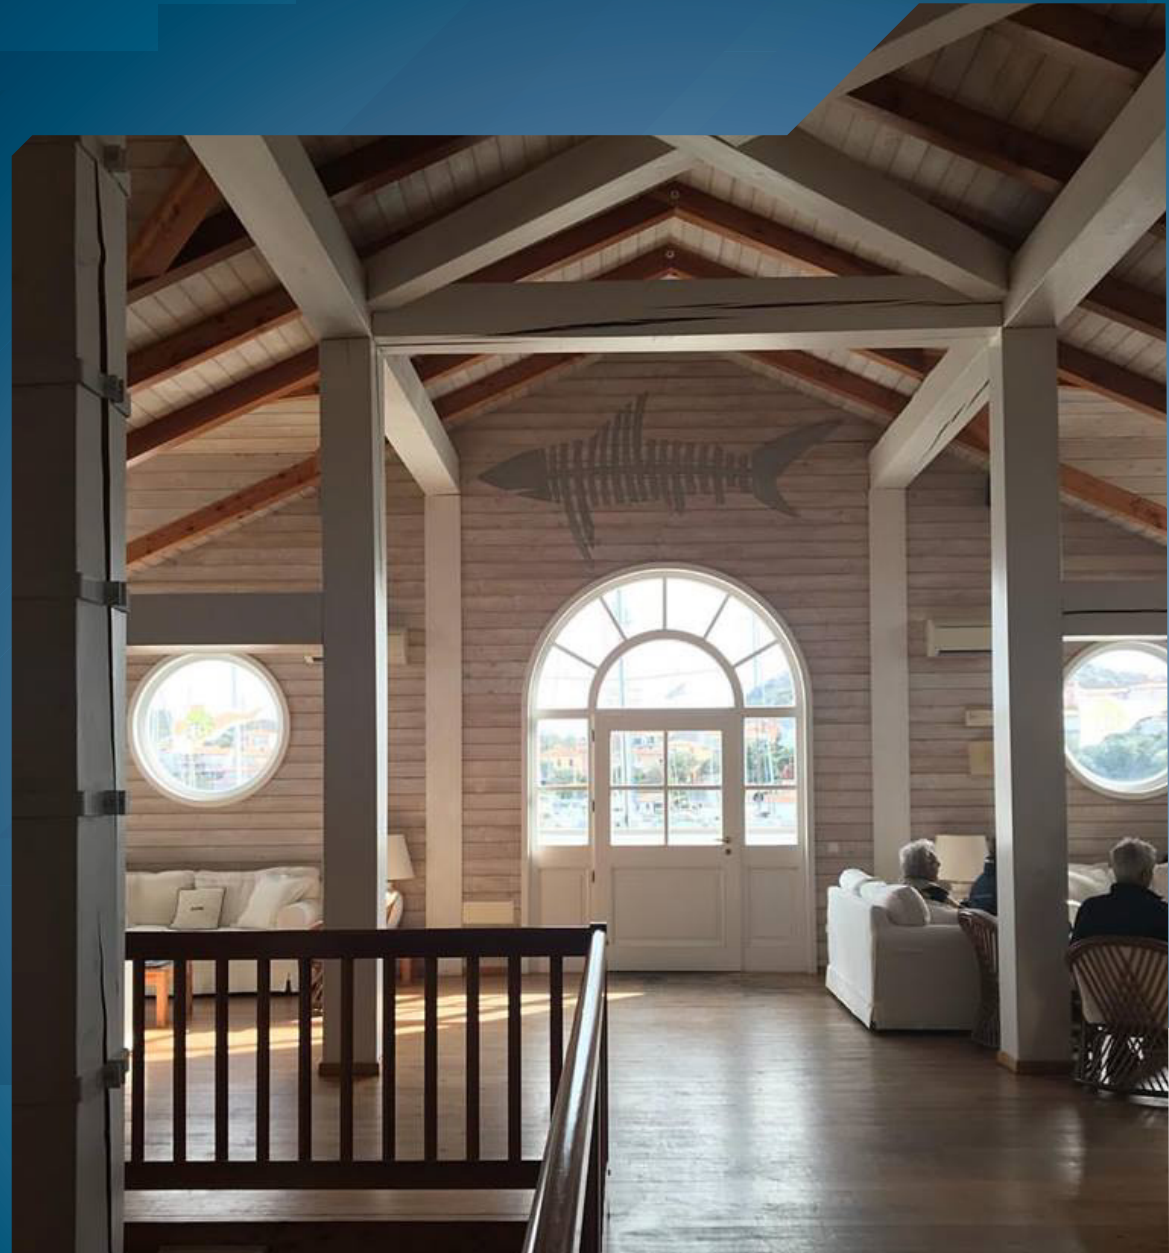

The Yacht Club Porto Rotondo was founded in 1985 by a group of people who were passionate about the sea and about Porto Rotondo and, right from its first year of operation, has been located in the beautiful arch-wood building created by the Venetian architect Malgaretto.

TWO UNITED CLUBS

In 1987, while maintaining a certain autonomy, the Porto Rotondo Yacht Club was incorporated as a "detached" base by the Costa Smeralda Yacht Club, presided over by His Highness the Aga Khan. In these years the active collaboration with "the parent company" of Porto Cervo was established with the lively exchange of influential members, the intense international sporting activity and the prestigious assemblies of classic boats. After a decade of sharing and along and fruitful inactivity YCCS and YCPR have gone their separate ways.

THERE BIRTH

In Porto Rotondo, a group loyal to the glorious "flag" under the guidance of Admiral Luciano Fontana has launched a new Porto Rotondo Yacht Club, with a dynamic Board of Directors who were confident about the ability of the club to implement important initiatives and enhance the great resources of Porto Rotondo. The then President Gian Battista Boread'Olmo had enormous confidence in the future of the Club and the potential for the image of the YCPR to grow in stature.

Porto Rotondo is a Mediterranean gem where the sea, culture, and luxury blend in an exclusive atmosphere. Its crystal-clear waters and well-equipped marina make it a top destination for yachting enthusiasts, while its granite-paved squares, artistic sculptures, and elegant architecture reflect its rich cultural heritage.

With stylish boutiques, gourmet restaurants, and a vibrant calendar of events, Porto Rotondo is the perfect destination for those seeking beauty, relaxation, and Sardinian tradition.

Sardinia,

a sailing paradise

SNIPE FLEET 908 SARDEGNA

The *Snipe Fleet 908 Sardegna* was established in 2022. Although very young, it already has 10 boats. It organizes regattas mainly in the Alghero area and some members frequently race in Italy and Europe. The Fleet Sardegna welcomes all the Snipe sailors from Italy and all over the World for the Italian Nationals 2025!

SNIPE FLEET 908 SARDEGNA
