Objective: CR A.5.3, A.11.1., A.12.1, A.13.1 (a), A.15.1. (a) – MDS

Proposal (include current & proposed changed wording- changes to be shown in red): Example: By Laws: **Section 1. Racing Season**

The official racing sailing season of this Association shall extend for the full twelve months of the year starting on January 1st and ending on December 31st.

Remove the concept MDS (Measurement Data Sheet) and merge data with the Measurement Certificate in a new form called **Measurement Data Certificate**

Reasons:

Simplify the process and facilitate tracking the boat during the years, since she was built to the present moment.

A boat will be measured at the boatyard before leaving it for the first time by a SCIRA International Measurer or WS Measurer. The Measurement Data Certificate for new boats will be sent to the SCIRA Office and it will be sent to the owner for his/her signature. The signed MDC will be uploaded to the website for easy access.

Any modifications to the boat, according to CR A.11.2, will be reported by a Measurer to the SCIRA Office to issue a new MDC and make the previous invalid.

For existing boats, new MDC will be issued with the current data in their MDS and Measurement Certificate and send it for owner signature.

¹ Proposals can be made by the Board, Technical Committee, National Secretaries or 5 fleet captains up to 1st March.
